

# Land Use and Agricultural Resources

## WOULD THE PROJECT...

- Physically divide an established community?
- Conflict with any applicable land use plan, policy or regulation for the purpose of avoiding or mitigating an environmental effect?
- Conflict with any applicable habitat conservation plan or natural community conservation plan?
- Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland) to a non-agricultural use?
- Conflict with existing zoning for agricultural use, or a Williamson Act contract?
- Adversely affect parklands, floodplains, wildlife refuges, designated Wild and Scenic Rivers, national natural landmarks, or federally designated wilderness?
- Conflict with provisions of the Coastal Zone Management Act or an applicable local coastal plan?
- Alter irrigation water supply, water quality or groundwater tables in a manner that would necessitate changes in irrigation practices or crop choices?
